REMEMBERING PRINCESS DIANA

An almost forgotten star has resurfaced and the flame of 'the candle in the wind,' burns brightly. Princess Diana, Princess of Wales by marriage, (July 1st 1961- August 31 1997) has recently appeared in the spotlight again thanks to Netflix's new season of 'The Crown' and a documentary on Princess Diana's life.

At the highlight of her life, many of us were still very young but can surely remember the most popular and beautiful English Royal that the world has ever known. Aside from her astounding beauty, Princess Diana brought a heart, joy and passion to the world that no other royal had done before. This elegant princess was not only famous for her charming nature, people's skills and gorgeous looks, but for her numerous humanitarian efforts particularly in **HIV AIDS, leprosy and homelessness**.

The world has missed such a spark and we are happy to see her life being captured on screen once again. We miss you **Princess Di**.

NEVERLAND

Going once
Going twice

Sold for 22 Million

Neverland. A famous ranch in Santa Barbara California is finally sold at **22M** to billionaire **Ronald Burkle co-founder of the investment firm Yucaipa Companies** after 5 years of being on the housing market. This amazing property complete with its amusement rides, movie theatres, lights, flower gardens, fountains and more was previously owned by the late and legendary **King of Pop Michael Jackson**. Neverland was the name given to the ranch bought by Michael Jackson in 1988 and its name and design (directed by Michael himself) was inspired by the fantasy island Neverland in the fictional tale '**Peter Pan.**' The ranch which was originally on the market for \$100M was finally sold in December 2020.

During his lifetime the Neverland ranch meant a great deal to Michael Jackson and stood as a bit of his imagination come to life. We can only hope that this new owner who is also a former friend of Michael's, will honor the memory of the late King of Pop by taking good care of what was once one of his most treasured possessions.

**"Now think of the happiest things, it's the same as having wings."
